It seems to me that all gamers, starting from school, have dreamed of getting into the laboratory of Alex and Wheatley, where they are trying to find a solution to the puzzle with the door and understand what is happening. On the one hand, it seemed like a fairly simple matter until I realized how easy it could be to solve this problem. There are several ways you can solve this puzzle. They all lead to the same result. First, you are simply wasting your lives. Just had to just do the same as you.
